MAJOR DISTRIBUTION

WHY PARTNER WITH NSBE GSU

NSBE GSU is a student-led organization focused on developing future Black engineers through professional development, community impact, and career readiness.

Why Partner With Us

- Direct access to **166+ STEM students**
- Year-round engagement beyond traditional career fairs
- Strong pipeline of sophomore and junior talent developing into **upperclassmen ready for internships and full-time opportunities**
- Growing chapter with increasing membership and engagement
- Opportunities for **branding, visibility, and direct recruitment**

MESSAGE FROM THE PRESIDENT

Dear Future Corporate Partners,

My name is Jaylen Monroe, and I am honored to serve as the reelected President of the Georgia Southern University chapter of the National Society of Black Engineers.

Over the past year, our chapter has continued to grow in both size and impact, strengthening our presence on campus while creating meaningful opportunities for our members to develop professionally, connect with industry, and positively impact the community. Through professional development initiatives, corporate engagement, outreach programming, and leadership opportunities, we are building a strong pipeline of future engineers prepared to succeed beyond the classroom.

My journey with NSBE began in 2023, where I immediately found a sense of community, purpose, and opportunity. Since then, I have served as both Public Relations Chair and Professional Delegate, gaining valuable experience in leadership, corporate outreach, and member development. NSBE has played a major role in shaping both my personal and professional growth.

As I continue my leadership as President, this year's theme is **E.L.E.V.A.T.E.: Expand Reach, Lead Boldly, Engage Deeply, Value Excellence, Activate Opportunities, Transform Culture, and Empower Results.**

This vision reflects our commitment to expanding our impact, strengthening partnerships, and creating intentional opportunities that empower our members to excel academically and professionally.

Thank you for your support and investment in NSBE GSU. We look forward to building meaningful partnerships that create lasting impact for our members, campus, and community.

MESSAGE FROM THE PROFESSIONAL DELEGATE

Dear Future Corporate Partners,

My name is Telly Williams, and I am honored to serve as the Professional Delegate for NSBE GSU. In this role, I serve as the primary liaison between our chapter and corporate partners, helping foster meaningful relationships that benefit both our members and your organization.

NSBE GSU represents not only a history of proven success through our alumni, but also a growing **pipeline of talented and driven STEM students** preparing for **internships, leadership opportunities, and full-time careers**. Through professional development workshops, networking initiatives, conference participation, and corporate engagement, our members continue developing the skills and experiences necessary to succeed in today's workforce.

We are committed to creating **intentional opportunities** for organizations to engage with our members beyond **traditional recruiting interactions**. Our goal is to build long-term partnerships that provide meaningful impact, professional exposure, and continued support for student success.

We invite you to partner with NSBE GSU as we continue to expand opportunities for our members and strengthen the connection between industry and the next generation of engineers and innovators.

CONVENTIONS

FALL REGIONAL CONFERENCE (FRC) NOV 2026

The Fall Regional Conference (FRC) is a platform for collaboration and networking among collegiate, pre-collegiate, alumni, and corporate representatives at the regional level. The conference promotes academic excellence and professional development through technical workshops, cultural activities, and competitions.

53rd ANNUAL NATIONAL CONVENTION MAR-APR 2027

This event is NSBE's largest gathering of corporate affiliates, technical professionals, and pre-collegiate members. The

National Convention hosts up to 10,000 attendees, 40+ admission groups, and 300+ company exhibitions annually. Its purpose is to promote academic excellence and professional development through a variety of events and workshops.

SIGNATURE PROGRAMS

★ STEM Night

A signature outreach event connecting K-12 students with STEM through interactive activities and mentorship, reaching **100+ students and families**.

★ NSBE Week

A week-long series of events focused on professional development and community engagement, reaching **150+ students** across multiple events.

Professional Development

Workshops and initiatives that prepare members for internships and full-time opportunities through resume building, interview prep, and career readiness.

Inside the Industry Series

A professional engagement series connecting members with NSBE GSU alumni, offering insight into career pathways, industry trends, and real-world experiences.

Corporate Immersion Experiences

Corporate site visits that provide members with direct exposure to industry environments, company operations, and career pathways.

Networking Social Nights

Virtual networking sessions connecting students with industry professionals in a focused, interactive setting.

SIGNATURE PROGRAMS

NSBE Jr. Chapter

An initiative focused on mentoring and inspiring younger students to pursue STEM education and careers.

Better World Books Drive

A community initiative that promotes literacy by collecting and distributing hundreds of books to underserved communities.

Buckets for Cans

A campus-wide effort to combat food insecurity by collecting hundreds of canned goods for local families in need.

Black Unity Fest

A cultural event that fosters community engagement, awareness, and collaboration across campus.

STEM Cookout

A collaborative event bringing together STEM organizations to build community and engage **250+ students** across disciplines.
